CENTRIA Presents Comprehensive Product Range at AIA 2018

Visit the leading building envelope science company at Booth #657

Moon Township, PA... CENTRIA will showcase its innovative range of insulated metal panel products at AIA 2018, from June 21-23 in New York City.

The CENTRIA team will be at Booth #657, eager to discuss and demonstrate their dynamic range of insulated metal panels and other top-performing metal building envelope products.

CENTRIA will highlight:

- **Formawall® with Halogen-Free Insulating Foam Core**, the only insulated metal panel system with halogen-free enhanced fire protection that comes standard.
- **Intercept™ RZR modular metal panel system**, offering unique sloped-depth options in both horizontal and vertical applications with concealed fastener attachments for exterior walls and soffits.

Other featured products:

- **Formawall Dimension Series Graphix** insulated metal panel system, providing exciting modular aesthetics and the ultimate in design freedom with dynamic reveals.
- **MetalWrap™** insulated composite backup panels, designed with CENTRIA's innovative advanced thermal and moisture protection (ATMP) technology as the ultimate backup wall for nearly any type of exterior rainscreen system.
- The **Cascade®** line of single-skin rainscreen panels with signature curved profiles, concealed fasteners, and common-lock joinery that allows the panels to be integrated with each other and Concept Series rainscreen panels.
- **Allura Natural Stone Series** coating system, showcasing five matte colors that simulate the look of terrestrial stone surfaces for your next project.
